

# ENVIRO-CRED

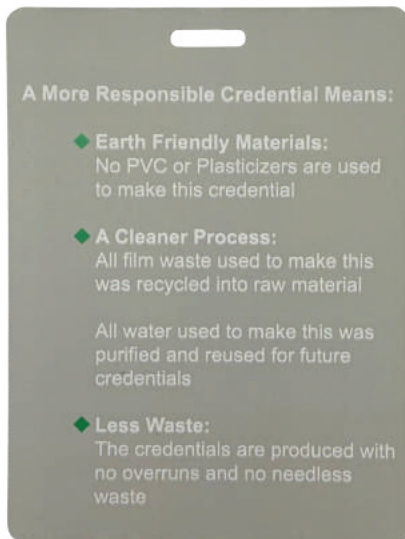

- 14 mil rigid synthetic substrate - No lamination required!
- **100%** of the film waste generated during production is recycled into new raw material
- **NO** PVC and **NO** plasticizers = a more environment friendly production process
- **NO** chemical waste is generated during production and recycling
- **ALL** process water used for the production and recycling is purified via a natural microbiological process. After purification the water is re-used in the production process.
